

# Content Creator / Visual Designer

Do you have a creative mindset and do you like to make appealing visuals and write engaging texts? We are looking for a part-time content creator that knows how to reach our audience and improves our online and offline presence. FlexSol Solutions is a young, dynamic and high-tech company based on the TU Delft campus with unique solar technology. We make beautiful and innovative products like autonomous outdoor lighting and solar roof tiles. Are you interested in joining our team? Let us know!

## Job description

You will create the content for our websites, blog, social media, newsletter, and other communication channels. You will also work on other visual designs such as brochures, catalogs and other documents. A large part of the job will be creating visuals and writing short texts/articles. You will work together with product designers and marketers and will mainly be dealing with writing short texts and creating visual content such as photos, videos, renders, illustrations, etc.

## Interested?

Please send an e-mail to [info@flexsolutions.com](mailto:info@flexsolutions.com) or call **020-2613819**.

## Your profile

You are a strong visual communicator that can easily transform an idea or message into a graphically appealing image. Your English (and preferably also Dutch) writing is flawless. You are independent in your work and like to take initiative. You enjoy an informal work atmosphere and flexibility.

Your profile:

- Excellent English writing skills
- Excellent knowledge of Adobe CS (Photoshop, Illustrator, InDesign)
- Preferably experience in videography, video editing, etc.
